

THE BOUNDLESS DIFFERENCE

▶ Branding Experts:

We understand **Syngenta** has hundreds of products, all with unique logos, colors, and branding guidelines. This is why Boundless has created a collection of these brands and corresponding guidelines. Boundless takes the guesswork out of following **Syngenta** brand standards—so you can rest assured your project will be on brand without lifting a finger!

▶ Cost Savings Reporting:

As a preferred Enterprise Account, **Syngenta** buyers are extended special pricing arrangements. We recently started noting these savings at order entry, and have already tracked tens of thousands in savings for Syngenta customers—simply by doing business with Boundless!

▶ Corporate Social Responsibility Reporting:

At Boundless we know that where your product comes from matters, and we must protect our customers' brands and what they represent. This is why Boundless created our industry's first Transparent Catalog. Only with Boundless can you track orders that are Boundless Verified, Boundless Standard, Eco-Friendly, Socially Responsible, or have a Charitable Donation component associated with each.

Austin Morledge
Enterprise Account Manager
amorledge@boundlessnetwork.com
512.387.2661

Emily House
Director of Enterprise Accounts
ehouse@boundlessnetwork.com
512.923.8797

Beth and Austin are your primary contacts and are 100% dedicated to Syngenta. They are responsible for quoting, order processing and special products (i.e. pop-up stores, GroupBuys, co-op programs, etc.). Emily is responsible for overseeing all Enterprise accounts and works as an advocate to ensure client satisfaction.
